

ORGANIZATIONAL HEALTH ENABLER

Double E Workplace Solutions LLC is proud to partner with Ambition in Motion to provide a cloud-based short interval control assessment system that enables detailed and practical organizational conversations between employees and leaders

What the assessment system focuses on and measures

- Team Performance
- Organizational Citizenship
- Task Performance
- Manager/Leader Performance
- Goal creation and attainment

What it takes to identify organizational health

- Monthly electronic assessments by employees (10 minutes)
- Leaders complete their monthly assessment and review the gaps between their input and the employee's input

What you see on a monthly and quarterly basis

- Organizational and real-time employee engagement data from the 5 areas listed above that drives conversation

What they are saying!

"We were taken back at the feedback we were receiving. People were willing to reveal more in the tool than they were when chatting with them face-to-face. We were impressed with the fact that we could have a deeper discussion with our team members based on the data and have already seen our team's morale improve because the team feels like their individual goals are now aligned with the goals we are working towards as a company."

Burt Tellier VP of North West Rubber

Cost Details-Per Leader

First month free with zero commitment

Monthly Plan \$450 per month/per leader

Yearly Plan \$400 per month/per leader
